Nandan Nilekani talks about “Disruptive Technologies” in the Banking Industry

Ujjivan recently invited one of India’s most esteemed entrepreneurs and philanthropists, Mr Nandan Nilekani to discuss the onset of a revolution being triggered by some major disruptive technology innovations in the banking sector today. Mr Nilekani shared his thoughts on the tremendous opportunities that await the industry owing to the launch of the Unified Payment Interface (UPI) by the NPCI, which is deemed to be one of the world’s most advanced peer-to-peer systems.
