# Auto retail sales in slow lane in July

FE BUREAU New Delhi, August 4

WITH PASSENGER VEHICLE, two-wheeler and tractor segments underperforming, the overall automobile retails registered a decline in July in comparison to the same month last year. Although sales were expected to relatively improve going forward with the arrival of the festive season, erratic monsoon and tensions between China and Taiwan have raised

fresh concerns.

Cumulative retail sales, including those of passenger vehicles (PVs), two-wheelers, commercial vehicles (CVs), three-wheelers and tractors, slipped 7.84% y-o-y in July, the data released by the Federation of Automobile Dealers Associations (FADA) on Thursday showed. Besides, they were 19.92% lower than 1,794,297 units sold in the pre-Covid month of July 2019.

PV sales, which fell 4.66% yo-y, were 19.07% higher in comparison to July 2019 when retails stood at 210,775 units. "The PV segment is witnessing a dream run as retail sales are already higher than 2019. Even though there is a blip in July numbers, the industry is continuously introducing new models,

The two-wheeler segment continued to face headwinds as retail sales were down 10.92% y-o-y amid poor demand from rural areas and high ownership costs. In comparison to July 2019 sales of 1,399,532 units, there was a decline of 27.86%.

Two-wheeler retails are in stark contrast to the wholesale despatches, which were in green for most original equipment manufacturers (OEMs) in July. According to industry experts,

OEMs are pushing vehicles to the dealerships with the expectation that the situation will improve in the festive season.

The three-wheeler segment made a strong recovery with sales rising 80.41% y-o-y, while the CV segment continued its growth momentum climbing 27.32% y-o-y.

## IndiGo to let passengers disembark from 3 doors

**FE BUREAU** 

New Delhi, August 4

IN A GLOBAL FIRST, India's largest carrier IndiGo on Thursday introduced a new threepoint disembarkation process which will enable the passengers to exit the aircraft from three doors.

The new process will be carried out from two forward and one rear exit ramps, IndiGo said on the occasion of its 16th anniversary.

"...At IndiGo, we constantly and dynamically keep reinventing our internal standards to enable a hassle-free customer experience as well as contributing to operational efficiencies for all stakeholders including airport operators and ground handling companies," said Ronojoy Dutta, CEO, IndiGo.

The system will allow the airline to save five-six minutes, leading to a quicker turn around of planes. It usually takes 13-14 minutes for all passengers to get off an A321 aircraft. The new

## Dabur posts flat growth in profit

**FE BUREAU** New Delhi, August 4

**DABUR INDIA POSTED** a flat year-on-year growth in consolidated net profit to ₹440 crore for the quarter ended June 30, as the company's effective tax rate for consolidated business decreased from 22.8% to 21.9%, but raw material inflation continued to raise costs and impacted margins.

Consolidated revenue from operations increased 8.1% y-oyto₹2,822 crore with an underlying volume growth of 5% in the India FMCG business. The June quarter revenue growth, which stands at 10.3% on constant currency basis, comes on a high base of 32% in the same quarter last year.

Ebitda (earnings before interest, tax, depreciation and amortisation) fell 1.4% y-o-y to ₹544 crore, while the operating margins fell 180 basis points yo-y to 19.3%. Price increases of around 5% coupled with cost savings partially mitigated unprecedented inflation, it said in an investor presentation.

# Auto retail sales in slow lane in July

FE BUREAU New Delhi, August 4

WITH PASSENGER VEHICLE, two-wheeler and tractor segments underperforming, the overall automobile retails registered a decline in July in comparison to the same month last year. Although sales were expected to relatively improve going forward with the arrival of the festive season, erratic monsoon and tensions between China and Taiwan have raised

fresh concerns. Cumulative retail sales, including those of passenger vehicles (PVs), two-wheelers, commercial vehicles (CVs), three-wheelers and tractors, slipped 7.84% y-o-y in July, the data released by the Federation of Automobile Dealers Associations (FADA) on Thursday showed. Besides, they were 19.92% lower than 1,794,297 units sold in the pre-Covid month of July 2019.

PV sales, which fell 4.66% yo-y, were 19.07% higher in comparison to July 2019 when retails stood at 210,775 units. "The PV segment is witnessing a dream run as retail sales are already higher than 2019. Even though there is a blip in July numbers, the industry is continuously introducing new models,

The two-wheeler segment continued to face headwinds as retail sales were down 10.92% y-o-y amid poor demand from rural areas and high ownership costs. In comparison to July 2019 sales of 1,399,532 units, there was a decline of 27.86%.

Two-wheeler retails are in stark contrast to the wholesale despatches, which were in green for most original equipment manufacturers (OEMs) in July. According to industry experts,

## IndiGo to let passengers disembark from 3 doors

**FE BUREAU** 

New Delhi, August 4

IN A GLOBAL FIRST, India's largest carrier IndiGo on Thursday introduced a new threepoint disembarkation process which will enable the passengers to exit the aircraft from three doors.

The new process will be carried out from two forward and one rear exit ramps, IndiGo said on the occasion of its 16th anniversary.

"...At IndiGo, we constantly and dynamically keep reinventing our internal standards to enable a hassle-free customer experience as well as contributing to operational efficiencies for all stakeholders including airport operators and ground handling companies," said Ronojoy Dutta, CEO, IndiGo.

The system will allow the airline to save five-six minutes, leading to a quicker turn around of planes. It usually takes 13-14 minutes for all passengers to get off an A321 aircraft. The new

## Dabur posts flat growth in profit

**FE BUREAU** New Delhi, August 4

**DABUR INDIA POSTED** a flat year-on-year growth in consolidated net profit to ₹440 crore for the quarter ended June 30, as the company's effective tax rate for consolidated business decreased from 22.8% to 21.9%, but raw material inflation continued to raise costs and impacted margins.

Consolidated revenue from operations increased 8.1% y-oyto₹2,822 crore with an underlying volume growth of 5% in the India FMCG business. The June quarter revenue growth, which stands at 10.3% on constant currency basis, comes on a high base of 32% in the same quarter last year.

Ebitda (earnings before interest, tax, depreciation and amortisation) fell 1.4% y-o-y to ₹544 crore, while the operating margins fell 180 basis points yo-y to 19.3%.
