2 RATIONALE OF THE SCHEME

- 2.1.1. As per the SFB Guidelines, the promoter of a small finance bank is required to reduce its equity shareholding stake in the small finance bank to 40% within a period of 5 years from the date of commencement of operations of small finance bank. Thereafter, the promoter’s equity stake in such small finance bank is required to be brought down to 30% and then to 26%, within a period of 10 years and 12 years, respectively, from the date of commencement of operations of the small finance bank. Subsequently, an internal working group (IWG) was constituted by the RBI on June 12, 2020 to review the extant guidelines on ownership and corporate structure for Indian private sector banks. The IWG submitted a report dated November 20, 2020 through which a few recommendations were made to the RBI which *inter alia* included dilution of promoter shareholding. The RBI vide its press release dated November 26, 2021 has *inter alia* accepted the dilution aspects of promoter shareholding in the private sector banks and clarified that the submission of a dilution schedule shall be mandatory.
- 2.1.2. As per the RBI Clarifications, a promoter can exit or cease to be a promoter of small finance bank after completing lock-in of 5 (five) years depending upon the RBI’s regulatory and supervisory comfort and SEBI regulations. The RBI vide its letter dated July 9, 2021 issued to the ‘Association of Small Finance Banks of India’, has allowed filing of an application with the RBI for amalgamation of a holding company (being promoter company) into and with the small finance bank (being subsidiary of promoter company).
- 2.1.3. The Transferor Company is the promoter of the Transferee Company, and the Transferor Company holds 73.68% (seventy-three point six eight percent) of the total paid-up equity share capital of the Transferee Company.
- 2.1.4. Accordingly, the proposed amalgamation of the Transferor Company (being the holding and promoter of the Transferee Company) into and with the Transferee Company, would *inter alia* enable meeting the dilution requirements referred in Clause 2.1.1. above, and is in line with the aforesaid enabling RBI guidance. Consequent to the proposed amalgamation as contemplated under this Scheme, and dissolution of the Transferor Company, the Transferor Company’s shareholding in the Transferee Company would be reduced to NIL thereby resulting in compliance with the above-referred dilution requirements.

2.1.5. The proposed amalgamation would be in the best interest of the Transferor Company and the Transferee Company and their respective shareholders, employees, creditors and other stakeholders as the proposed amalgamation will yield advantages as set out *inter alia* below:

- i. The amalgamation would result in formation of a larger and stronger entity having greater capacity for conducting its operations more efficiently and competitively;
- ii. the amalgamation would avoid operational inefficiency in the group by operating one listed entity and create synergies;
- iii. the amalgamation would result in larger free public float for the combined listed entity as pursuant to coming into effect of the Scheme, the resultant listed entity would be entirely held by the public shareholders;
- iv. better administration and cost reduction, including reduction in administrative, legal and other costs associated with the Transferor Company;
- v. create value for stakeholders including respective shareholders, customers, and employees as the combined entity would benefit from operational efficiencies, optimal utilization of resources, improvement in productivity, cost-reduction etc.;
- vi. the Transferor Company currently carries on financial activity business in the nature of investments in bank deposits or other permissible securities and investment in shares of subsidiary and derives its value primarily from its investments in the Transferee Company, and therefore, pursuant to amalgamation the public shareholders of the Transferor Company would benefit by directly holding shares in the Transferee Company and derive value from the business of Transferee Company directly.

- 4.8.5. It is hereby clarified that in relation to the options granted by the Transferee Company to the Eligible Employees, the period during which the stock options granted by the Transferor Company were held by or deemed to have been held by the Eligible Employees shall be taken into account for determining the minimum vesting period required under Applicable Law or agreement or deed for stock options granted under the Transferor Company Option Scheme or the Transferee Company Option Scheme, as the case may be.
